TWO TRUTHS & ONE LIE!

Use your math skills to determine which of the three statements below is a dirty lie! Explain how you made your decision.

$$\text{chocolate donut} = 8$$

$$\text{pink donut} = 3$$

$$\text{purple donut} = 1$$

1 $\text{pink donut} \times \text{chocolate donut} = \text{purple donut} \times 24$

2 $\text{pink donut} \times \text{purple donut} = \text{pink donut} \div \text{purple donut}$

3 $\text{chocolate donut} - \text{pink donut} + \text{purple donut} = 4$

My Answer: _____
