

Name: _____

Date: _____

TWO TRUTHS & ONE LIE!

Use your math skills to determine which of the three statements below is a fib! Explain how you made your decision.

 = 19	 = 49
 = 51	 = 60

1) $96 - \text{flip flops} = 78$

2) $100 - \text{feather} = \text{smiley face}$

3) $93 - \text{cassette player} = 33$

My Answer: _____

Key: 1
