# TWO TRUTHS & ONE LIE!

Use your math skills to determine which of the three statements below is a dirty lie! Explain how you made your decision.

$$1) 5(\text{car with pizza}) + 5(\text{slice and bottle}) = 5(\text{car with pizza} + \text{slice and bottle})$$

$$2) 78(\text{oven}) - 26 = 13(6(\text{oven}) + 2)$$

$$3) 88(\text{whole pizza}) + 8 = 8(11(\text{whole pizza}) + 1)$$

My Answer: \_\_\_\_\_

Key: 2
