

Name: _____

Date: _____

TWO TRUTHS & ONE LIE!

Use your math skills to determine which of the three statements below is a fib! Explain how you made your decision.

- 1) The smallest playlist has only 3 songs.
- 2) 75% of playlists have at least 22 songs.
- 3) The median number of songs in a playlist is 59.

My Answer: _____

Key: 3
