

Name: _____

Date: _____

TWO TRUTHS & ONE LIE!

Use your math skills to determine which of the three statements below is a fib! Explain how you made your decision.

1) $\triangle C'D'E'$ is the result of reflecting $\triangle CDE$ over the y -axis.

2) $\triangle P'Q'R'$ is the result of reflecting $\triangle PQR$ over the x -axis.

3) $\triangle C'D'E'$ is the result of rotating $\triangle CDE$ 90 degrees counter-clockwise about the origin.

My Answer: _____

Key: 3
