TWO TRUTHS & ONE LIE!

Use your math skills to determine which of the three statements below is a fib! Explain how you made your decision.

1) **Graph A** represents $y \geq 3x + 7$.

2) **Graph B** represents $y < \frac{1}{6}x + 7$.

3) **The point (8,0) is in the solution set of both graphs.**

My Answer: _____

Key: 1
