

TWO TRUTHS & ONE LIE!

Use your math skills to determine which of the three statements below is a dirty lie! Explain how you made your decision.

- (1) Figure D could be mapped onto Figure A by performing a reflection over the y-axis followed by a translation.**
- (2) Figure B could be mapped onto Figure C by performing a reflection over the y-axis followed by a translation.**
- (3) Figure A could be mapped onto Figure B by performing a dilation, followed by a rotation and a translation.**

My Answer: _____

Key: 2
