

Name: _____

BATTLE OF THE ALAMO DAY!

Battle of the Alamo Day, observed on February 23rd, commemorates the first day of the historic twelve-day siege in 1836, where a small group of Texan defenders bravely held out against the Mexican army at the Alamo mission in San Antonio, a defining moment in the Texas Revolution.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Alamo Mission} + \text{Alamo Mission} = 24$$

$$\text{Alamo Mission} - \text{Santa Anna} = 4$$

$$\text{Santa Anna} + 7 = \text{Cannon}$$

$$\text{Alamo Mission} + \text{Cannon} = ?$$

My Answer: ? = _____

Answer Key:

Alamo=12

Davy Crockett=8

Cannon=15

?=27

Fun Fact: Davy Crockett, a legendary American frontiersman, and former congressman, is famously remembered for his heroic stand at the Battle of the Alamo, where he fought valiantly and became a symbol of courage and sacrifice in American folklore and history.
