

Name: _____

AVIATION HISTORY MONTH!

Aviation History Month, celebrated in November, is a month-long observance dedicated to honoring the pioneering achievements and advancements in the field of aviation, commemorating the daring individuals and groundbreaking innovations that have shaped modern air travel.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Green Plane} + \text{Green Plane} = 6$$

$$\text{Brown Helmet} + \text{Green Plane} = 9$$

$$\text{Red and White Hot Air Balloon} + \text{Brown Helmet} = 10$$

$$\text{Green Plane} + \text{Red and White Hot Air Balloon} + \text{Brown Helmet} = ?$$

My Answer: ? = _____

Answer Key:

Plane=3

Mask=6

Balloon=4

?=13

Fun Fact: The first powered flight by the Wright Brothers in 1903 lasted only 12 seconds and covered just 120 feet, a modest beginning that sparked a revolutionary era in transportation, leading to today's advanced and global aviation industry.
