# NATIONAL BAGEL DAY!

National Bagel Day, celebrated on January 15<sup>th</sup>, is a celebration of the beloved bagel, inviting enthusiasts to enjoy this versatile, doughy treat in its many forms, from classic plain to sweet cinnamon raisin to savory everything, adorned with cream cheese, butter, and other spreads.

**Directions:** Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Stack of Bagels} + \text{Stack of Bagels} = 14$$

$$\text{Stack of Bagels} - \text{Cup of Cream Cheese} = 7$$

$$\text{Baker} + \text{Cup of Cream Cheese} = 9$$

$$\text{Stack of Bagels} + \text{Cup of Cream Cheese} + \text{Baker} = ?$$

My Answer: ? = \_\_\_\_\_

Answer Key:

Bagels-7

Cream Cheese=3

Bagel Maker=6

**?=16**

**Fun Fact:** Bagels were reportedly brought to New York in the 1880s by Polish-Jewish immigrants, and the city has since become famous for its bagels, often attributed to the unique properties of New York City's water that some believe make the dough extra tasty and chewy.
