

Name: _____

HAPPY BUBBLEGUM DAY!

Bubblegum Day is a fun and sweet occasion where people, especially schoolchildren, enjoy chewing bubblegum and often participate in bubble blowing contests, with many schools allowing students to chew gum on this day for a small donation to charity.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Monkey} \times \text{Gumball Machine} + 3 = 93$$

$$\text{Monkey} \times 11 = 110$$

$$\text{Leaves} = 14 - \text{Gumball Machine}$$

$$\text{Candy Bar} - \text{Leaves} = 7$$

$$\text{Leaves} \times \text{Candy Bar} - \text{Gumball Machine} = ?$$

My Answer: ? = _____

Answer Key:

Gumball Machine=9

Monkey=10

Gum Stick=12

Mint=5

?=51

Fun Fact: The largest bubble ever blown, according to the Guinness World Records, was 50.8 centimeters (20 inches) in diameter, achieved by Chad Fell in the USA in 2004. Fell accomplished this feat without using his hands, showcasing the playful and sometimes competitive aspect of bubblegum blowing.
