

Name: _____

HAPPY BURRITO DAY!

Burrito Day, celebrated on April 4th each year, is a flavorful celebration of the burrito, a popular Mexican dish consisting of a large tortilla filled with various ingredients like seasoned meat, beans, rice, cheese, and salsa.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Burrito} + \text{Restaurant} = 41$$

$$\text{Beans} + \text{Avocado} = 26$$

$$\text{Burrito} = \text{Avocado} + 11$$

$$\text{Beans} = \text{Avocado}$$

$$\text{Burrito} + \text{Restaurant} + \text{Avocado} + \text{Beans} = ?$$

My Answer: ? = _____

Answer Key:

Burrito=24

Burrito Shop=17

Black Beans=13

Avocado=13

?=67

Fun Fact: While burritos are now a staple in Mexican and Tex-Mex cuisine, the modern burrito that we know today actually originated in the early 20th century in northern Mexico and southwestern United States, combining traditional Mexican ingredients with the convenience of a portable, wrapped meal.
