

Name: \_\_\_\_\_

# COUNTRY MUSIC DAY!

Country Music Day, celebrated on September 17th, is a day dedicated to celebrating the rich history, cultural significance, and diverse sounds of country music, from its roots in folk and blues to the modern-day genre.

**Directions:** Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Guitarist} + \text{Guitarist} - \text{Violin} = \text{Singer}$$

$$162 \div \text{Singer} + 4 = 10$$

$$\text{Singer} = \text{Violin} \times 3$$

$$\text{Singer} + 63 = \text{Guitarist} + \text{Guitarist}$$

$$\text{Singer} \div \text{Violin} \times \text{Guitarist} - \text{Singer} = ?$$

My Answer: ? = \_\_\_\_\_

## Answer Key:

Guitarist=45

Singer=27

Fiddle=9

Dolly=81

**?=54**

**Fun Fact:** Dolly Parton wrote the hit songs "Jolene" and "I Will Always Love You" on the same day. "I Will Always Love You" later gained immense fame when it was covered by Whitney Houston for the film "The Bodyguard" in 1992. Parton's ability to write two iconic songs in such a short span of time showcases her exceptional talent as a songwriter. Her career spans over six decades, during which she has composed over 3,000 songs, making her one of the most prolific and revered songwriters in country music history.
