# HAPPY DO A GROUCH A FAVOR DAY!

**Directions:** Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$216 = \text{Grouch} \times \text{Grouch} \times \text{Grouch}$$

$$\text{Cat} + \text{Girl} + \text{Phone} = 106$$

$$\text{Cat} = \text{Phone}$$

$$\text{Grouch} + \text{Grouch} \times \text{Phone} = 54$$

$$2 \times \text{Grouch} \times \text{Cat} - \text{Girl} + \text{Phone} = ?$$

My Answer: ? = \_\_\_\_\_

Key:

Grouchy Snowman=6

Grouchy Girl=90

Grouchy Block=8

Grouchy Cat=8

?=14
