Name: _____

HAPPY GUACAMOLE DAY!

Guacamole Day, celebrated on September 16th, is a flavorful celebration of guacamole, a popular Mexican dip made from avocados, lime, onions, and various seasonings, encouraging people to indulge in and experiment with this versatile and delicious dish.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

🥣 × 🥑 = 121

🥑 + 🥑 + 🥑 = 🍋

🥑 = 🥣

🍋 ÷ 🥣 = 🌶️

🌶️ × 🍋 + 🥣 = ❓

My Answer: ? = _____

Answer Key:

Guacamole=11

Avocado=11

Lime=33

Hot Pepper=3

?=110

Fun Fact: Guacamole dates back to the Aztecs in what is now Mexico. The original Aztec dish was called "ahuacamolli," which translates to "avocado sauce" in the Nahuatl language. The Aztecs prized avocados for their nutritional value and believed them to have aphrodisiac properties. Guacamole has since evolved and become a staple in Mexican cuisine, popular worldwide for its rich, creamy texture and vibrant flavor.
