This lesson guide accompanies the following video lesson:

Real World Problem: Multiplying Fractions

The players and coaches on the Smithfield Football Team used five identical buses travel to their game versus Broomfield.

- There were a total of 40 seats on each bus.
- All of the seats on four of the buses were filled.
- The fifth bus had $\frac{3}{5}$ of the seats filled.
- $\frac{1}{8}$ of all of the passengers on the buses were coaches.

How many coaches travelled on the buses with the team?

My Answer: _____

ANSWER KEY

23 Coaches
