# HOT COCOA DAY!

Hot Cocoa Day, celebrated on December 13<sup>th</sup>, is a cozy holiday where people indulge in the warm chocolatey goodness of hot cocoa, often topped with whipped cream and marshmallows.

**Directions:** Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Cup of Hot Cocoa} + \text{Cup of Hot Cocoa} = 20$$

$$\text{Cup of Hot Cocoa} + \text{Teapot} = 17$$

$$\text{Teapot} - \text{Stack of Marshmallows} = 3$$

$$\text{Cup of Hot Cocoa} + \text{Teapot} + \text{Stack of Marshmallows} = ?$$

My Answer: ? = \_\_\_\_\_

Answer Key:

Hot Cocoa=10

Kettle=7

Marshmallows=3

**?=20**

**Fun Fact:** Hot cocoa was first enjoyed as a spicy and bitter drink in ancient Mesoamerica, long before it was sweetened and transformed into the beloved warm, chocolatey treat we savor today, highlighting its rich journey through history and cultures.
