

Name: _____

Houseplant Appreciation Day!

Houseplant Appreciation Day, celebrated on January 10th, is a day dedicated to recognizing and celebrating the benefits of houseplants, from their air-purifying qualities to the way they add beauty and a sense of well-being to our indoor environments.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Cactus} \times 3 = \text{Purple Plant}$$

$$\text{Spray Bottle} - 0 = \text{Glass Plant}$$

$$66 \div \text{Glass Plant} = \text{Cactus}$$

$$\text{Glass Plant} + \text{Spray Bottle} + \text{Glass Plant} = 18$$

$$\text{Purple Plant} + \text{Spray Bottle} - \text{Cactus} = ?$$

My Answer: ? = _____

Answer Key:

Cactus=11

Succulent in Jar=6

Spray Bottle=6

Hanging Plant=33

?=28

Fun Fact: Houseplants can actually help reduce stress and improve concentration, making them not only a delightful addition to home décor, but also a boost to mental well-being and productivity.
