

Name: _____

Houseplant Appreciation Day!

Houseplant Appreciation Day, celebrated on January 10th, is a day dedicated to recognizing and celebrating the benefits of houseplants, from their air-purifying qualities to the way they add beauty and a sense of well-being to our indoor environments.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$24 = \text{Cactus} + \text{Cactus} + \text{Cactus}$$

$$\text{Cactus} + 5 = \text{Glass Pot}$$

$$\text{Glass Pot} - \text{Purple Pot} = 9$$

$$\text{Purple Pot} + \text{Cactus} + \text{Glass Pot} = ?$$

My Answer: ? = _____

Answer Key:

Cactus=8

Succulent in Jar=13

Hanging Plant=9

?=30

Fun Fact: Houseplants can actually help reduce stress and improve concentration, making them not only a delightful addition to home décor, but also a boost to mental well-being and productivity.
