

Name: _____

INNER BEAUTY DAY!

Inner Beauty Day, celebrated on October 7th, is a day dedicated to recognizing and honoring the beauty that comes from within, such as kindness, compassion, and empathy, and encouraging people to appreciate and nurture these qualities in themselves and others.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Icon 1} + \text{Icon 1} = 8$$

$$\text{Icon 2} + \text{Icon 1} = 9$$

$$\text{Icon 2} + 6 = \text{Icon 3}$$

$$\text{Icon 3} - \text{Icon 1} = ?$$

My Answer: ? = _____

Answer Key:

Reflection=4

Best Friends=5

Grandmother=11

?=7

Fun Fact: Various cultures and philosophical traditions around the world have long emphasized the importance of inner beauty. For instance, ancient Greek philosopher Socrates famously said, "Beauty is a short-lived tyranny," suggesting that while physical beauty fades, the beauty of the soul or character is enduring. This perspective is shared across many cultures, highlighting that true beauty goes beyond physical appearance and lies in the qualities of the heart and mind.
