

Name: _____

NATIONAL KITTEN DAY!

National Kitten Day, celebrated on July 10th, is a delightful and heartwarming holiday dedicated to celebrating the cuteness and charm of kittens, promoting the adoption of these playful and affectionate young felines, and raising awareness about their care and well-being.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Kitten} + \text{Kitten} = 16$$

$$\text{Cat Food} + \text{Kitten} = 18$$

$$\text{Cat Food} + \text{Mouse} = 15$$

$$\text{Cat Food} + \text{Kitten} + \text{Mouse} = ?$$

My Answer: ? = _____

Answer Key:

Kitten=8

Cat Food=10

Mouse Toy=5

?=23

Fun Fact: National Kitten Day was established not only to celebrate the cuteness and joy that kittens bring into our lives but also to encourage adoption from shelters and rescues. This day highlights the importance of providing a loving home to the millions of kittens in need, promoting responsible pet ownership, and often coincides with educational campaigns about spaying and neutering to help reduce the number of homeless animals.
