

Name: _____

PEANUT BUTTER LOVERS MONTH!

Peanut Butter Lovers Month, celebrated in November, is a delightful celebration of this creamy, nutty spread, inviting enthusiasts to indulge in its versatile and delicious uses, from sandwiches and desserts to savory sauces and snacks.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Peanut Butter Jar} + \text{Peanut Butter Jar} = 6$$

$$\text{Bread} - \text{Peanut Butter Jar} = 1$$

$$\text{Bread} + \text{Strawberry Jam Jar} = 10$$

$$\text{Peanut Butter Jar} + \text{Strawberry Jam Jar} + \text{Bread} = ?$$

My Answer: ? = _____

Answer Key:

Peanut Butter Jar=3

Bread=4

Jelly=6

?=13

Fun Fact: Despite its association with American cuisine, Peanut Butter was actually first patented by Canadian Marcellus Gilmore Edson in 1884, and its creamy version, as we know it today, was later popularized in the United States, making it a treat with international roots.
