

Name: _____

PENGUIN AWARENESS DAY!

Penguin Awareness Day, celebrated on January 20th, is a day dedicated to raising awareness about these charismatic and unique seabirds, focusing on their conservation, the challenges they face in the wild, and the importance of preserving their natural habitats.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Penguin with 2 hearts} + \text{Penguin with 2 hearts} = 12$$

$$\text{Penguin with 2 hearts} + \text{Iceberg} = 11$$

$$\text{Iceberg} + \text{Iceberg} = \text{Iceberg melting}$$

$$\text{Iceberg melting} - \text{Penguin with 2 hearts} = ?$$

My Answer: ? = _____

Answer Key:

Penguin=6

Iceberg=5

Melting Ice=10

?=4

Fun Fact: A fun fact about penguins is that despite being birds, they can't fly in the air; instead, they are expert swimmers, using their wings as flippers to 'fly' underwater at speeds up to 25 miles per hour, making them incredibly agile and efficient hunters in their oceanic environment.
