

Name: _____

HAPPY PET MONTH!

Pet Month, celebrated in April, is a special observance dedicated to appreciating, pampering, and raising awareness about the well-being, proper care, and health of our beloved pets, highlighting the joy and companionship they bring into our lives.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Fishbowl} + \text{Cat in litter} + \text{Fishbowl} = 36$$

$$\text{Fishbowl} + \text{Dog with bone} + \text{Dog with bone} = 28$$

$$\text{Dog with bone} - \text{Fishbowl} = 4$$

$$\text{Fishbowl} = \text{Cat in litter}$$

$$\text{Dog with bone} + \text{Fishbowl} + \text{Fishbowl} + \text{Cat in litter} = ?$$

My Answer: ? = _____

Answer Key:

Hamster=12

Cat=12

Dog=8

Fish Bowl=4

?=36

Fun Fact: The top 10 most popular pets worldwide are:
