

Name: _____

PILLOW FIGHT DAY!

Pillow Fight Day, celebrated in April each year, is a lighthearted and fun event where people of all ages engage in good-natured pillow fights at home or in even in public spaces!

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{pillow} \times \text{bed} = \text{group of friends eating}$$

$$\text{pillow fight} - \text{group of friends eating} = 8$$

$$\text{pillow fight} \times \text{pillow fight} = 100$$

$$\text{bed} = \text{group of friends eating}$$

$$\text{pillow fight} + \text{pillow} + \text{group of friends eating} = ?$$

My Answer: ? = _____

Answer Key:

Pillow=1

Bed=2

Pillow Fight=10

Slumber Party=2

?=13

Fun Fact: Pillow Fight Day originated as a flash mob event in the early 2000s and has since grown into a global phenomenon, with major cities around the world hosting annual pillow fight events in public spaces, turning an ordinary childhood activity into a large-scale, communal, and joyous event that brings people together for a day of laughter and fun.
