

Name: _____

HAPPY POPCORN DAY!

Popcorn Day, celebrated on January 19th, is a fun and crunchy holiday where people enjoy this beloved snack, often experimenting with a variety of flavors and toppings, and celebrating its long history as a popular treat at movies, fairs, sporting events, and cozy nights at home.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$39 = \text{Popcorn} + \text{Popcorn} + \text{Popcorn}$$

$$\text{Popcorn Cart} + \text{Shaker} = 16$$

$$\text{Butter Knife} = \text{Shaker} \times 2$$

$$\text{Popcorn} = \text{Popcorn Cart}$$

$$\text{Popcorn} + \text{Popcorn Cart} + \text{Shaker} + \text{Butter Knife} = ?$$

My Answer: ? = _____

Answer Key:

Popcorn and Soda=13

Salt=3

Butter=6

Popcorn Cart=13

?=35

Fun Fact: Popcorn is one of the world's oldest snacks, with evidence of popcorn consumption dating back over 6,000 years; kernels found in caves in New Mexico were so well-preserved that they could still pop, highlighting the snack's enduring appeal through the ages.
