

Name: _____

Celebrate Pride Month!

Pride Month, observed throughout June, is a vibrant celebration of the LGBTQ+ community, promoting equality, acceptance, and the freedom to express one's true identity, marked by colorful parades, educational events, and demonstrations of solidarity and support worldwide.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Rainbow Heart Circle} + \text{Rainbow Heart Circle} = 8$$

$$\text{PRIDE Sunglasses} - \text{Rainbow Heart Circle} = 3$$

$$\text{PRIDE Sunglasses} + \text{Rainbow Flag} = 12$$

$$\text{Rainbow Heart Circle} + \text{Rainbow Flag} = ?$$

My Answer: ? = _____

Answer Key:

Heart=4

Glasses=7

Pride Flag=5

?=9

Fun Fact: The rainbow flag, also known as the Pride flag, was created by artist Gilbert Baker in 1978 and is a symbol of LGBTQ+ pride and social movements. Each color on the flag has a specific meaning, like red for life, orange for healing, and green for nature, making it a symbol of diversity and inclusion.
