# STRAWBERRY ICE CREAM DAY!

Strawberry Ice Cream Day, celebrated on January 15<sup>th</sup>, is a sweet and delightful holiday that pays homage to this classic and beloved ice cream flavor, inviting everyone to indulge in its creamy, fruity goodness in sundaes, milkshakes, and even straight out of the carton.

**Directions:** Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$147 = \text{Ice Cream Cone} + \text{Ice Cream Cone} + \text{Ice Cream Cone}$$

$$\text{Ice Cream Pop} \div \text{Ice Cream Cone} = \text{Ice Cream Sundae}$$

$$\text{Ice Cream Sundae} \times \text{Ice Cream Sundae} = \text{Strawberries}$$

$$299 - \text{Ice Cream Pop} = 5$$

$$\text{Ice Cream Pop} - \text{Ice Cream Sundae} \times \text{Ice Cream Cone} + \text{Strawberries} = ?$$

My Answer: ? = \_\_\_\_\_

Answer Key:

Strawberry Ice Cream Cone=49

Strawberry Ice Cream Sundae=6

Strawberry Ice Cream bar=294

Strawberries=36

**?=36**

**Fun Fact:** Strawberry is one of the three flavors in the classic Neapolitan ice cream, alongside chocolate and vanilla, showcasing its longstanding popularity and status as a fundamental and beloved ice cream flavor since the 19th century.
