# UGLY SWEATER DAY!

Ugly Sweater Day, celebrated on the third Friday in December, is a fun and humorous holiday where people don festive sweaters featuring bold, often gaudy designs, embracing the joy and lightheartedness of the holiday season through quirky and over-the-top fashion.

## TWO TRUTHS & ONE LIE!

Use your math skills to determine which of the three statements below is a dirty lie! Explain how you made your decision.

$$\text{Sweater 1} = 7\frac{7}{8} \quad \text{Sweater 2} = 8\frac{1}{2} \quad \text{Sweater 3} = 9\frac{5}{6}$$

2

$$\text{Sweater 3} - \text{Sweater 2} = \frac{1}{3}$$

3

$$\text{Sweater 1} + \text{Sweater 2} > \text{Sweater 3}$$

My Answer: \_\_\_\_\_

Answer Key: 2
