Name: _____

UGLY SWEATER DAY!

Ugly Sweater Day, celebrated on the third Friday in December, is a fun and humorous holiday where people don festive sweaters featuring bold, often gaudy designs, embracing the joy and lightheartedness of the holiday season through quirky and over-the-top fashion.

TWO TRUTHS & ONE LIE!

Use your math skills to determine which of the three statements below is a dirty lie! Explain how you made your decision.

If $= 5$, $= -8$, & $= -1$,

then each of the following equations are true.

1) $23 = \frac{2}{5}\left(\text{ }\right) + 21$

2) $4\left(\text{ } + 14\right) = -3\left(\text{ }\right)$

3) $3\left(\text{ }\right) + \text{ } = \text{ } + 30 - \text{ }$

My Answer: _____
