# HAPPY WATERMELON DAY!

## TWO TRUTHS & ONE LIE!

Use your math skills to determine which of the three statements below is a dirty lie! Explain how you made your decision.

$$\begin{array}{ccc} \text{3 slices} = 24 & \text{watermelon with 3 sticks} = 12 & \text{watermelon slice on stick} = 8 \end{array}$$

$$1) \quad 0.5 \times \text{3 slices} = \text{watermelon with 3 sticks}$$

$$2) \quad \text{watermelon slice on stick} \times 1.5 = \text{watermelon with 3 sticks}$$

$$3) \quad 0.1 \times \text{3 slices} = 0.24$$

My Answer: \_\_\_\_\_

Key: 3
