# WORLD TELEVISION DAY!

World Television Day, observed on November 21<sup>st</sup>, commemorates the date in 1996 when the United Nations held the first World Television Forum, celebrating television as a significant medium for educating, channeling information, and promoting mutual understanding.

**Directions:** Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{TV} + \text{Monitor} + \text{Monitor} = 48$$

$$\text{TV} + 2 \times \text{Remote} = 144$$

$$112 = \text{YouTube} + \text{Monitor} + \text{YouTube}$$

$$\text{TV} - \text{Remote} = 0$$

$$\text{YouTube} \times \text{TV} + \text{Remote} \times \text{Monitor} = ?$$

My Answer: ? = \_\_\_\_\_

Answer Key:

Flatscreen TV=0

Retro TV=48

Remote Control=48

Streaming=56

**?=2,688**

**Fun Fact:** Modern televisions are so advanced that some can display over one billion colors, providing incredibly lifelike images.
