# WORLD TELEVISION DAY!

World Television Day, observed on November 21<sup>st</sup>, commemorates the date in 1996 when the United Nations held the first World Television Forum, celebrating television as a significant medium for educating, channeling information, and promoting mutual understanding.

**Directions:** Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{TV} + \text{TV} + \text{TV} = 33$$

$$\text{TV} \times 2 = \text{Remote}$$

$$\text{YouTube} = \text{Remote} - 7$$

$$\text{TV} = \text{TV}$$

$$\text{Remote} + \text{YouTube} + \text{TV} + \text{TV} = ?$$

My Answer: ? = \_\_\_\_\_

Answer Key:

Flatscreen TV=11

Retro TV=11

Remote Control=22

Streaming=15

**?=59**

**Fun Fact:** Modern televisions are so advanced that some can display over one billion colors, providing incredibly lifelike images.
