

Name: _____

World Voice Day!

World Voice Day, held on April 16th, is an international event dedicated to celebrating the phenomenon of voice, raising awareness about the importance of vocal health, and recognizing the power of voice in our daily lives, both in communication and as an instrument of artistic expression.

Directions: Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$8 = \text{Lips} + \text{Lips}$$

$$\text{Two People} - \text{Lips} = 10$$

$$\text{Two People} = \text{Microphone} + \text{Microphone}$$

$$\text{Microphone} - \text{Lips} = ?$$

My Answer: ? = _____

Answer Key:

Mouth=4

Conversation=14

Microphone=7

?=3

Fun Fact: World Voice was first celebrated in Brazil in 1999 before gaining international recognition. The day was initially proposed by a group of Brazilian laryngologists to promote good vocal health and raise awareness about vocal diseases. Since then, it has evolved to include a wider appreciation of the voice in arts and communication, with events and activities around the globe emphasizing the importance of voice care, vocal training, and the science of voice production.
