

Name: \_\_\_\_\_

# WRIGHT BROTHERS DAY!

Wright Brothers Day is celebrated on December 17<sup>th</sup> each day as the anniversary of the groundbreaking first flight by Orville and Wilbur Wright in 1903, marking a pivotal moment in aviation history and inspiring generations to reach for the skies and beyond!

**Directions:** Use your math skills to find the value of each icon and the '?' in the puzzle below.

$$\text{Propeller} - \text{Pilot Helmet} = 8$$

$$\text{Propeller} + \text{Propeller} = 22$$

$$\text{Pilot Helmet} + \text{Biplane} = 23$$

$$\text{Propeller} + \text{Biplane} = ?$$

My Answer: ? = \_\_\_\_\_

Answer Key:

Propeller=11

Pilot Mask=3

Plane=20

**?=31**

**Fun Fact:** Before the Wright Brothers built airplanes, Orville and Wilbur Wright ran a bicycle shop, and they used their knowledge of bicycles to help them understand how to balance and steer their airplane, leading to their historic flight.
